If you have not received your login pass code, go to the OHM web site www.ohmworld.com and under the tab LOGIN request a pass code. Once you receive and login the first time you may change your pass code. Only valid client email addresses will be allowed access to the page.

Be watching for 2009 WES program information coming in the next few OHMTown News and on the client login page of the OHM website.

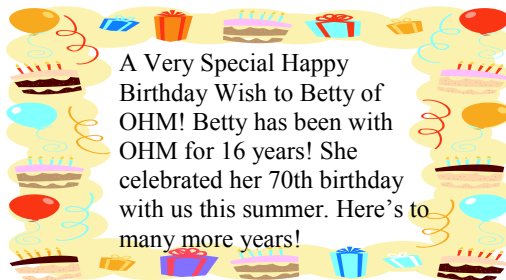

Hello OHM SYSTEMS...

Support Desk

I am sure by now most of you had an opportunity to talk with one or more of the many new assets to OHM, in Support and Administration. About six weeks ago we added six new people to the OHM Team.

Sherri is the new Gold Cell Administrator with aspirations to be a trainer and support person for the application. Dave is a new support position for application and has a wealth of experience for many networking, printers and supporting products to the application. Nick, as jolly as old St Nick. Another great asset to the gold cell training and support. Nathan, new and fresh from his easy life at college is now hard at work to take in as much as he can to quickly become an asset to the support and training of the application. First quarter 2009 start watching for more great additions to the OHM TEAM!

A Very Special Happy Birthday Wish to Betty of OHM! Betty has been with OHM for 16 years! She celebrated her 70th birthday with us this summer. Here's to many more years!

EXECUTIVE INFORMATION DASHBOARD

E I S

Join OHM for a webinar to showcase the latest release of OHM's Executive Information System also referenced as a Dashboard.

The OHM design provides you pre designed Key Performance Indicators (KPI's) as well as a tool to create your own. KPI's presented based on the functionality of your position within the company. From CEO, COO ,CIO, VP, Finance, Sales, Operations Managers and others.

11am EDT— October 10th—Friday

This is a no charge Demo of the product release and benefits. You may send a email to sales@ohmworld.com with your date /time choice and number of participates from your location including their name and position. Or sign up from the online client login page under E-Training. (EIS)

Time for your input. Yes I know it is difficult to think of a year from now let alone 18 months, but planning as every company is aware is the key. At the last OHM UGM our survey of how often to have a full meeting was all over with suggestions of dates. We narrowed it to every 18 months or 2 yrs. 18 months provide every other meeting in the spring and fall. IE: May and September months. Well we need to know how many are interested in Sept 2009 vs May 2010 for the next full OHM UGM. Once we have a date consensus we will send you some early results of the new structure for the meeting. Please send your date choice in an email to sales@ohmworld.com and say NEXT UGM followed by the date of Sept 2009 or May 2010 or put a different date.
