OHMTown News

**WELCOME**

**WOLF CORPORATION**

**NEW OHM CLIENT**

OHM launched the implementation process with Wolf Corp on Monday May 11, 2009. This group has set out to beat OHM's fast BDX install. That would be a record held by Serta Oklahoma in 2001. From signing of the contract to GO LIVE....62 days! We are on target for a 55 day contract to Go Live with Wolf group. The Wolf group are dedicated and ready to go. We will keep you posted and you can read more on OHM's website pages.

**OHM CLASS PARTICIPANTS**

Bre, Shaun, Jamie & Shauna

May 5-8 2009 at OHM

Administrative, Security & Report Build Class .

Rick, Troy, Brian

For photos of in and out of the class visit the OHM website.

**CYCLE COUNT MODULE**

Features added and now available to our BDX clients. You may still need a annual Physical inventory count, but why spend the time and money counting inventory monthly? Cycle Count Module provides you ongoing information for quick response to your inventory issues. OHM's clients experience from 12 to 24 or more turns of inventory a year after startup of OHM's application. The cycle module is another added benefit to saving time and money and having more accuracy to your inventory all the time.

**.April 2001**

**4.1 Application Release**

Please visit OHM's website under Client Login Pages for the newest listing of 4.1 software releases. Every four months OHM releases new patches, enhancements and supporting testing information. If you do not have your client login ID for the website , visit www.ohmworld.com and register for a login under the client section. It pays to be current.

**Warranty, Enhancement & Support**

**Program (WES)**

We are reviewing our WES program to provide more services and opportunities to our clients. Now is a fantastic time to give us your feedback for any new program offerings or methods to use the WES plan. Please send all suggestions to sales@ohmworld.com before **June 30, 2009.**

Nathan (left) & Nick

Nick and Nathan two of OHM's newer member going into their second year at OHM were one of the corn hole teams at our local city 3rd annual event. They took OHM to the semi final round before losing out to a team that had a direct input to the hole. Next Year the trophy is ours!

**\$350 Savings**

Demo and add the CYCLE MODULE to your current list of OHM modules before July 31, 2009 and receive \$350 off the list price. This offer only valid for this period and must have a signed add-on with PO to your Program Product License Agreement (PPLA) before July 31, 2009. Cycle Module is a flat fee module by plant/facility.

**GO DIGITAL - GO GREEN**
