OHM Applications

Version 4.2 - September 1, 2009

OHM will once again be publishing the every four (4) month release of the application software. The release notes will be found in the OHM client login in area on the left side of the screen.

Starting with 4.2 release OHM is offering a supplemental service to all WES clients. In addition to publishing the release notes we will also be publishing dates and times for group webinars where we review by module grouping the updates. This means we will point out releases that have significant value or interest and what is involved. In some cases we will do a show and tell and help you note what or how to test in your system By providing this review we hope to expedite your process in taking the releases and implementing from your test to live accounts to stay current.

OHM is working on methods to ensure our clients stay current and take releases as they are published. There are many benefits to staying current. We realize that the testing and update stages for some of you have been a longer process. This new service and other offerings that OHM will continue to support is our way to get you to new releases quicker. Take advantage of the process!

WANTED

Your input for new function/Product Development. OHM is preparing a front end Profitability Process. Currently we will beta on a specific industry and are seeking your ideas. The Profitability is focused on up front analysis of your pricing schemas to ensure the margin or mark up percent or dollars are meet. Then as you r customers order roll in the profitability function will monitor and update you to the trend of the percentage. If you are interested in pre release development send email to sales@ohmworld.com by 9/4/09

IBM

U2

University

OHM is a platinum sponsor of the IBM U2 university this year.

The IBM university is once a year regionally held for education on IBM products such as the database and associated products.

Complete details of dates and agenda can be found by going to OHM's website and from the front page or the Shows/Events link of upcoming events.

This year are three locations:

- Denver—September
- Liverpool UK—October
- Australia— November

OHM Classes..... Now scheduling Fall and Winter Programs

Since our OHMTools and Report Writer/Administration Classes have Specific requirements we only hold a few times a year. Please send an email to sales@ohmworld.com with level and months between Sept 2009– March 2010 that you would be interested in these classes at OHM. Also send any request for webinar or other related class request.

Send your emails by September 4, 2009
